COLLEGE GUIDE

2026-2027

Welcome from the Chancellor!

Welcome to the University of Arkansas Hope-Texarkana (UAHT)!

Here at UAHT, our focus is on providing outstanding learning opportunities for our students so they can build better lives for themselves and their families. For over 60 years, we've helped students take the next step—whether preparing for a career, earning a degree, or discovering new interests. With campuses in Hope, Texarkana, and Historic Washington, as well as flexible online options, UAHT is here for you, wherever you are in life.

We offer more than 55 degree and certificate programs in high-demand fields, many of which can be completed in under a year, helping you get to work quickly. If your goal is to transfer to a four-year university, our associate degrees are designed to help you get there smoothly and affordably.

But we are more than classes and career paths. UAHT is a supportive community with student success at its core. We have high expectations for our students because we believe in you and what you can achieve. I personally challenge you to do four things as you think about and prepare to come to UAHT: Dream, Believe, Dare, and Do.

Dream: Visualize a seemingly impossible future and set ambitious goals.

Believe: Have firm confidence in your dream and in your ability to achieve it.

Dare: Take calculated risks to break through challenges rather than playing it safe.

Do: Execute your plan through hard work, persistence, and action to make your dream a reality.

Whether you're just starting your college journey, coming back to finish what you started, or exploring a new path entirely, UAHT is your bridge to a brighter future.

Dream, Believe, Dare, and Do,
Dr. Ricky Tompkins
Chancellor, University of Arkansas Hope-Texarkana

Choosing a college is a big decision. See why so many students are glad they chose UAHT.

"I chose to attend UAHT so I could get my GED and make my parents proud, I chose to continue and get my EMT certification so I could make my mom proud. UAHT is an excellent college to attend if you want to achieve your goals with some amazing people."

-Holly Y.

"I gained the necessary licenses and certifications, as well as the practical knowledge to excel in the HVAC industry."

After working under Montie Garner at Hollis Heating and Air Conditioning, I was thrilled to purchase the company in 2024. Today, my wife and I are proud business owners, and I owe much of this success to my time at UAHT."

-Colin P.

What I found was more than just a school. I found a blessing, a second home, filled with instructors who care deeply and push you to succeed. They never let you feel alone in the process; they're there with answers, encouragement, and support when you need it most."

Early College Programs

Secondary Career Center

The UAHT Secondary Career and Technical Education Center allows 11th-12th grade students at participating high schools the unique opportunity to earn college credentials while still in high school at no charge. The center's curriculum serves as an extension of the high school curriculum by providing students with hands-on experiences in a variety of career fields taught by UAHT faculty. For more information, call 870.722.8133 or visit your high school counselor.

Collegiate Academies

The Hope & Arkansas High Collegiate Academies provide students with the opportunity to graduate with a high school diploma and associate degree simultaneously at no charge. Students attend classes on the UAHT campuses. The program is for students entering 10th grade. For more information, call 870.722.8133 or visit your high school counselor.

Concurrent Credit

Take college courses that fit your high school schedule. Classes are available on the UAHT campus, the high school campus, or online. Students register for classes through their high school counselor. For more information, call 870.722.8267 or visit your high school counselor.
