

General Education, Associate of Arts

2026-2027 Catalog

Program Overview

This sequence of courses has been designed for students who wish to earn an associate degree and then transfer into a baccalaureate program at a 4-year university. The Associate of Arts and the Associate of Science degrees have been approved by the Arkansas Department of Higher Education as meeting the transfer criteria set forth in ACT 182 of 2009, commonly known as the Roger Phillips Transfer Act. ACT 182 of 2009 requires an Arkansas four-year public institution of higher education to admit a transfer student to junior status in a baccalaureate degree program if that student has completed the approved Associate of Arts or Associate of Science transfer curriculum.

Further, an Arkansas four-year public institution of higher education receiving a transfer student shall not require additional lower division credits for the transfer student if the additional course is considered a general education lower division course. Finally, ACT 182 of 2009 requires an Arkansas four-year public institution of higher education to accept all hours completed and credits earned for a designated transfer degree upon a student's transfer to a baccalaureate degree program at the four-year public institution of higher education.

Courses with a grade of "D" are not guaranteed to transfer. Institutional policies regarding the transfer of courses with a grade of "D" may vary.

The AA in General Education also has Certificate of General Studies embedded for students to earn.

- Total Credit Hours Required: 60-62
- Program Length: 2 years
- Delivery Format: In-person, Online, Hybrid
- Credentials Awarded: Associate of Arts
- ADHE Degree Code: 0050

Fall Term 1
