The Certificate of Proficiency in Bladesmithing is designed to promote and protect the art of bladesmithing and the Bowie Knife crafted by James Black in 1831 in Historic Washington. The program is located in Historic Washington State Park. The Certificate of Proficiency will consist of 5 classes and can be used as a component of the AAS in General Technology degree.

Students should check their chosen program's description in the current catalog for possible pre-requisite courses. No Certificate of Proficiency degree is eligible for Federal Financial Aid. Federal Financial Aid pays for courses of students pursuing Technical Certificate and/or higher degree.

Please note: There are additional lab fees associated with these courses.

These courses fulfill remediation requirements only and are mandated by placement test results and multiple measures. _____	Placement scores/comments: _____
